DETAILED ACTION

The response received 6/22/09 has been placed in the file and was considered by the examiner. Claims 1-28 and 30-52 have been canceled. Claims 29 and 53-54 are at issue.

Claims 29 and 53-54 are allowed.

REASONS FOR ALLOWANCE:

The following is an examiner's statement of reasons for allowance: Claims 29 and 53-54 are allowable over the prior art references of record due to the combination of elements as specifically set forth in independent claim 29. Specifically, the prior art of record neither teaches nor suggests a sweep comprising tubular body including a plurality of rollers spaced along its length, and first and second ends each including a collar having first flange and second flange and a seat extending between the flanges for removably receiving a portion of a respective guide.

The closest prior art of record, Tubbs ((US 3,838,713) or Woodruff (US 4,529,171) and/or Cofer et al. (US 4,068,705); Tubbs discloses a tube with collar having flanges but does not disclose a plurality of rollers spaced along its length. Cofer et al. disclose rollers with guide tube but no collars/ flanges. Woodruff discloses a cable guide with rollers but does not disclose rollers spaced along its length and both ends with collars having flanges and seats. Tubbs, Cofer and Woodruff, taken as a whole disclose significant as claimed but do not provide any teaching/ suggestion or motivation to modify to meet the above limitations as specified in claim 29.

Art Unit: 3632

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
